HAVE SHOWN WORLD WE'LL GUARD COAST.

Admiral Evans Says the Voyage of Fleet Has Accomplished Much.

"Fighting Bob" Takes First Mud Bath at Paso Robles Hot Springs, Enjoys First Carriage Drive Since Arrival, and Talks With "The Times" Correspondent About His Battleships.

[BY DIRECT WIRE TO THE TIMES.]

PASO ROBLES, April 5.—[Exclusive Dispatch.] At 2 o'clock this afternoon the correspondent of The Times found Admiral Robley D. Evans in the solarium of the Hotel El Paso de Robles enjoying one of the sun baths that are making the old hero of many battles feel young again. The Times correspondent was introduced to Admiral Evans, who was most gracious and seemed to be overjoyed at the progress made in his physical condition. He could not speak highly enough of the treatment he has received while here. Everything was being done for his comfort and all was fully appreciated.

INTEREST IN PACIFIC. Admiral Evans, when asked to speak about the lessons of the long cruise of his fleet, said: "The greatest interest of the United States today is in the Pacific. The coming of the fleet to this coast has not only demonstrated to the world that we have sixteen battleships which can be brought together for a long cruise at a moment's notice, but it has called the attention of the people of our own country to the fact that we have a Pacific Coast as well as an Atlantic Coast and that it will be defended just as much as every inch of land around New York, and that our interests in the Pacific today are greater than in the Atlantic.

"This is the short road to the countries of the Far East, where the greatest commercial development is to be. With development will come war, but it will be a commercial war fought with brains and dollars and not with ten-inch guns. It will be generated by such men as Harriman, and the part of the navy is only to be always ready. We do not plan nor fight commercial battles.

"The coming of the fleet was most opportunely timed by the President and its arrival in the Pacific has resulted in the present assurance of peace. Not that I ever believed that there was ever any actual danger of war. The people of both countries realized too well what a dreadful calamity such a war would have been.

CAUSE OF PEACE. "We accomplished much in the cause of peace in the Pacific when we demonstrated that the efficiency of the fleet increased with each day of the cruise. When the fleet sailed through the Straits of Magellan into the Pacific, the ships were in better condition, and better prepared for action, than they were the day we sailed. That was proved by the target practice at Magdalena Bay, and the records of that practice, which are most satisfactory, will show it."

When asked as to whether he would be able to meet the fleet at any of the southern ports, the admiral remarked that if it were possible, and he had every reason to believe it was from the way he was improving at present, he would be at San Diego to welcome the fleet upon its arrival.

Admiral Evans fully appreciates all that the people of California are doing toward welcoming the fleet and feels it is only his duty to get well to do his share, and when the "Man of the Iron Will" feels this way it is almost certain he will welcome the fleet at San Diego. Though the doctors advise him to remain until the fleet reaches Santa Cruz, and they feel every day here will add a year to his life, still, if he continues to improve as he has since he arrived, he will soon be in actual command again.

He is rapidly gaining weight and his physician, Dr. McDonald, past assistant surgeon of the flagship Connecticut, is astonished that one could gain

MRS. EVANS AND HER DAUGHTER COMING.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, April 5.—[Exclusive Dispatch.] "He is always ready for sea duty, but he is afraid of social festivities." The little character sketch of Admiral Robley D. Evans, given today by the person who knows him best, his wife.

Mrs. Evans, who has the hearty, hearty husband which might be expected of the life mate of a sailor, was in Chicago four hours on her way to join the admiral in California. She was accompanied by her daughter, Mrs. C. C. Marsh of Washington, wife of Commander Marsh, at present in command of all the torpedo boats and submarines in the navy. "You see," continued Mrs. Evans, "my husband always responds with alacrity to the demands of duty which call him to the bridge, but he is far less enthusiastic in answering the demands of that other duty which calls him to the banquet hall or the ballroom."

"He finds dinners and dances and receptions very trying after a hard period of duty on the bridge. During the voyage around the Horn he has been entirely unable to attend many of the festivities arranged so lavishly in

so rapidly in health and spirits as the admiral has done.

FIRST MUD BATH. This morning the admiral was given his first "mud bath" in the Kurhaus since his arrival here. This was followed by massage treatment for an hour. As he looked at the hot, black, oozy mass in which he was being packed and the sulphurous steam rising from it, he remarked jocularly, "this is nearer hell than I ever was before."

He not only enjoyed the novel experience, but declared himself as wonderfully benefited by the treatment.

The admiral felt so strong and was in such good spirits that he called for a drive through the hills. It was his first drive since coming here. Accompanied by his son, Lieut. F. Taylor Evans, and Surgeon McDonald, Dr. L. E. Phillips, the resident physician, and Lieut.-Col. George V. Torney of the Presidio, at San Francisco, the admiral left the springs at 2 o'clock and returned at 4. He was taken to the ranch of James Hornburg, Jr., at Santa Isabel, where a short stop was made and the admiral given a glass of milk. He returned somewhat fatigued but greatly pleased with the outing and strong enough to receive Gen. J. B. Lauck, adjutant-general of the California National Guard, who brought Gov. Gillett's greetings and welcome to the State.

Although at the springs but four days, the sunshine, baths and inland air have made a wonderful change in the admiral's condition. He now can get around his room on crutches and was able to stand on his feet when getting in and out of the carriage today.

The admiral is almost overwhelmed by the kindness and thoughtfulness of the people of California. His room in the southeast tower of the hotel is constantly banked with the choicest flowers, which arrive on every train from all parts of the State. Boxes of fruit addressed to him and hundreds of letters are received daily. Not a few of the letters contain requests for autographs, some make suggestions how to cure his rheumatism, but the majority express the writers hope that the admiral's health may be speedily restored.

According to Dr. McDonald, Admiral Evans is enjoying a better appetite and sleeps from eight to ten hours a night. For the first time since he became ill he does not have to take sedatives to induce sleep. His better routine is bath and treatment in the Kurhaus for two hours in the morning, followed by a nap, luncheon, and an hour's sunning in the solarium, or watching a game of croquet on the lawn in front of the hotel, and in which he expects to participate in a day or two.

Admiral Evans this afternoon vehemently denounced a dispatch in a San Francisco paper written by a former war correspondent now on board the U.S.S. Kansas, at Magdalena Bay, quoting an ordinance officer as having said, "I would have rather killed forty men if our ship could have gotten the trophy."

Turning to the correspondent, he said: "I do not believe that any officer in the fleet ever made any such expression or said anything like that. If some officer did say that or make any such expression, and I knew who it was, I would have him court-martialed. No feeling of such intense rivalry exists between ships as to be willing to sacrifice life for the sake of a target trophy. I think too much of my men for that. That is not the feeling in the navy and I don't want the public to think that it is because it is not true."

Mrs. Evans and daughter, Mrs. Charlotte Evans Marsh, will arrive Thursday night. Admiral Evans is anxiously awaiting their arrival and the family reunion.

honor of the fleet. The rheumatism from which he has been suffering has been a great deal on the voyage. He has been subject to these rheumatic attacks for many years, and so I am not so anxious about him as I thought he was. He will arrive here in a few days, and I am thankful indeed to be able to see him. The rheumatism is rapidly disappearing, and he is generally in much better condition than he was a short time ago.

"He often gets these rheumatic attacks after a hard period of sea duty. He had one, for instance, after the Spanish-American War. When he has to be on the bridge a great deal he gets rheumatism in his legs. That makes it necessary for him to try to ease the strain on them by holding on to a great deal of the rails, and this has the effect of driving the rheumatism to his arms. During this last voyage the fleet met remarkably bad weather for some time after leaving Trinidad, and my husband was on the bridge all most constantly. The strain on him was severe, and after that he could not attend many of the banquets and balls given for the officers."

Mrs. Evans explained that Admiral Evans was at present at the hotel

"Fighting Bob," Hero of Navy, and His Faithful Wife, who is hurrying to his side with their daughter, Mrs. Marsh, and who says her husband is afraid of social festivities. The Admiral pointed out to The Times correspondent at Paso Robles the value of the fleet's long cruise.

NO CHANCE TO DODGE HIM.

This Candidate Will Use Balloon in Chasing Down the Voters.

[BY DIRECT WIRE TO THE TIMES.] CHICAGO, April 5.—[Exclusive Dispatch.] Sherbie Becker, the "boy mayor" of Milwaukee, announced in Chicago last night that he had purchased a balloon in St. Louis, and if he runs for Governor of Wisconsin this fall, as he may, he will use the balloon for stump speaking.

"There are many counties in the northern part of Wisconsin," said the Mayor, "that are difficult of access to steam cars or automobiles. If I make the canvass, I hope to visit seventy-six counties of the State in the balloon, speaking from the basket of the airship."

The Mayor also said incidentally that he would enter his airship in the international balloon tournament in this city in July.

for a 3-cent fare, and though he has four times been elected Mayor on a 3-cent platform, he is about ready to sign a peace pact that will prevent the city from enjoying 3-cent fares, at least for some time, and perhaps for years.

When Congressman Burton ran against Mayor Johnson last fall, Burton promised seven tickets for a quarter, if he was elected. Johnson insisted on 2-cent fare, and won, as usual. Soon after his election, steps were taken to effect an amicable settlement of the long-standing war. The Cleveland Electric Company appointed Attorney F. C. Goff as mediator, and meetings between Goff and Johnson have been held regularly two or three times a week.

It is said that a settlement will be reached Tuesday by which the Cleveland electric lines and existing 3-cent fare lines will be merged under a hold company, but the rate of fare will hardly be at present better than seven tickets for a quarter, with universal transfers.

EVELYN NESBIT THAW COMING TO CALIFORNIA.

After Spending Two Years in Europe, She Will Bury Herself on a Ranch Somewhere in Southern Part of State—Has Agent Here Already to Make Location.

[BY DIRECT WIRE TO THE TIMES.] PITTSBURGH (Pa.) April 5.—[Exclusive Dispatch.] After she has spent a couple of years in Europe, Evelyn Nesbit Thaw expects to settle down for the remainder of her life on a ranch in Southern California.

This has been one of the dreams of her life, and she expects to carry it out as soon as possible. Mrs. Thaw recently started an agent to California for the purpose of looking over the ground and finding some quiet place that would be suitable for her.

It is related by friends here that if it had not been for the roving disposition of Harry Thaw, Mrs. Thaw would have carried out this plan immediately after their marriage, and all the trouble that has since developed would have been avoided.

Soon after their marriage, Mrs. Thaw proposed that they go West and bury themselves in California. The proposition met with favor on the part of Mrs. William Thaw, and the newly-married couple made a trip to California, and were living happily there.

Then Harry was seized with the longing for the excitement of Broadway, and insisted on returning East. Before they could return to California the tragedy which wrecked both their lives took place.

TORPEDO FLOTILLA ARRIVES.

Little Vessels Now at Magdalena Bay, One Day in Advance of Their Scheduled Time.

[BY THE ASSOCIATED PRESS.—P.M.] SAN FRANCISCO, April 5.—A message received late tonight by the United Wireless Company says the torpedo boat flotilla has arrived at Magdalena Bay. The little vessels, according to this, have arrived a day sooner than was expected.

The message also says that the battleships are expected to arrive in a few days, and that the matter will be a subject of diplomatic action.

ALDRICH TO QUIT.

Senate Leader Will Retire.

Will Be Seventy Years Old at the Expiration of Present Term.

Finds Much Difficulty in Maintaining Supremacy in Upper House.

Has Grown Weary of Continual Struggle With Young Statesmen.

[BY DIRECT WIRE TO THE TIMES.] WASHINGTON, April 5.—[Exclusive Dispatch.] Senator Nelson W. Aldrich of Rhode Island is making arrangements to retire from public life at the expiration of his present term.

The declaration is made that age is responsible for this determination. He will be 70 when the time fixed for stepping off the stage arrives, March 3, 1911.

As a matter of cold-blooded fact, Senator Aldrich is preparing to give up his position because the greatest deliberative body of the earth is daily becoming more and more non-partisan. Each week it becomes more difficult to control and whip into line the unwieldy Republican majority of the Senate. In recent years there has been a great influx of young men and these refuse to recognize any boss but their own ambitions.

WEARY OF STRUGGLE. Mr. Aldrich realizes that within a few months at best it will be impossible to frame up and drive through any sort of legislation to which he would give even quasi-approval. His power as the great and only tactical leader of the Senate is waning. His conviction stands on the verge of being discredited and defeated. He has grown weary of the continual struggle for supremacy knowing that in the near future disaster must overtake him.

The serious and unexpected opposition to his currency bill completely disgusted Mr. Aldrich and forced the conviction upon him that he could not much longer coax or drive the Republican majority in the Senate. It was during this contest that Mr. Aldrich decided to give up public life.

Mr. Aldrich accepted all kinds of disagreeable amendments to his currency bill, seeing that it would be defeated if they were rejected. He made the most amazing concessions to the radical element. The measure was transformed into one far removed from that he introduced.

Almost from the beginning Mr. Aldrich understood that the proposition to accept railroad bonds as an additional basis for circulation would be rejected by a combination of reviving Republicans and Democrats.

To avert disaster the paragraph relating to railroad bonds was voluntarily eliminated.

Other and more disagreeable experiences followed. Change after change was made at the dictation of the Democrats and upon Republicans who refused to recognize the leadership of Mr. Aldrich.

This disposition to throw off the yoke in the Senate had been developing and growing for the past few years. It never became so pronounced as at this session of Congress. The younger element has proven so unmanageable that Mr. Aldrich decided to serve out his present term and withdraw.

JAPS INVADE CONSULATE. Four Arrested on Request of American Diplomatic Representative. Trouble May Result.

[BY THE ASSOCIATED PRESS.—P.M.] MUKDEN, April 5.—Four Japanese entered the American consulate today and brutally attacked the native staff in revenge for a private slight.

Consul-General Straight made a requisition on the Chinese police and the Japanese were arrested and taken to the Japanese consulate.

No apology has yet been offered and it is probable the matter will be a subject of diplomatic action.

CAPITOLA CONFERENCE.

HELPFUL ONE.Day Was Vital With Spirit

in Auditorium.Delegates Will Begin Start-
ing Home Today.

[BY DIRECT WIRE TO THE TIMES.]

CAPITOLA, April 5.—[Exclusive
Dispatch.] The last Sunday at Capitola
has been a most helpful day, vital
with spirit of the conference.Notwithstanding the numerous ses-
sions, there was time for a quiet stroll
on the cliff along the beach, and
a meeting of friends formed, and
a summing up of Capitola privi-
leges.It had been an Easter morning
on the production of Hiles in the
auditorium. Practically every one in
attendance at the conference was pre-
sent at the morning session. Dr. H. K.
Booth, whose class on "The Earlier
Preacher" was very popular, de-
livered the sermon. It centered about
the point which the conference leaders
have been emphasizing in the person-
al talks with the girls, that the fullness
of Christian experience cannot be at-
tained in a moment. He took as his ex-
ample "The Beloved Disciple," John.The text was John 21:21. "But these
things are written that ye might believe
that Jesus is the Christ, the Son of God,
and that believing ye might have life
through his name."The sermon was a magnificent
one, and a number of the girls
were converted. The girls were
very happy and enjoyed the service.The music was an inspiring part
of the morning's worship. There were
songs by the girls, and a praise service
of Miss Edna Lee Ross of Fontana
valley, who has had charge of the mu-
sic, was organized and led a choir
of fifty voices, and her clear soprano
has been heard at a number of the meet-
ings.The student volunteers who have
been meeting every day of the confer-
ence, held their first open session in
the auditorium shortly after breakfast
this morning. At the same time there
was a number of other meetings.Members of the Episcopal Church held
a devotional service, and Dr. C.

bered agenda, answered questions con-
cerning his work among the Indians.In the evening, the present case-
ment of the new arrivals at Capitola
was closed. Last night he con-
sidered the platform meeting, his ser-
mon was a support for triumph.Miss Wilbur led the vesper

claim there is a waterfall, where the
creek drops sixty feet.
Bedrock above the fall was too deep
to reach from above last winter, and
time was devoted to running a tunnel
from below the fall through the rim
rock, tapping bedrock forty feet above
the drop. With the aid of this tunnel
as a drain, by erecting a wing dam in
the stream, it will be possible to work
out nearly the whole claim this summer.

From present indications, its out-
put this year will be between \$100,000
and \$200,000. Several hundred men are
now en route from Valdez to the dig-
gings.

FARMERS DECLARE WAR.

Decide to Build and Operate Ten
Warehouses in Walla Walla
County, Wash.

[BY DIRECT WIRE TO THE TIMES.]

TACOMA (Wash.) April 5.—[Exclu-
sive Dispatch.] War to the bitter end
was declared against various ware-
house companies by Walla Walla farm-
ers yesterday when the Farmers' Ed-
ucational and Co-operative Union, by
unanimous vote, broke off all negotia-
tions looking to the purchase of vari-
ous system warehouses in the county,
and decided to build and operate pri-
vate houses at ten different points.This action is the result of the ware-
house combine, which advanced stor-
age rate from fifty to seventy-five
cents a ton last fall. The farmers
made every effort to get a reduction,
but without success.The farmers' union then took up the
matter of buying the combine ware-
houses, but the grain companies asked
exorbitant prices. Finally it was de-
cided to build independent warehouses.
As the farmers' union comprises sev-
enty-five per cent. of the wheat rais-
ers in Walla Walla County, the decision

ably result.The farmers' union then took up the

FILIBUSTER.Fellow Members Said not to
Like Williams.Think He Has Assumed Pre-
rogatives of Czar.Republicans Rejoicing Over
His Position.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, April 5.—[Exclu-
sive Dispatch.] Because W. J. Bryan was
the real instigator of the filibuster now
in full swing in the House, the Re-
publicans pretend to see a great joke
in the whole affair. They laughed over
it in the hotels today, and predicted
that John Sherry Williams would re-
gret the day he ever tried it.But the Democrats take an entirely
different view of the situation. They
were very angry when they learned
that the minority leader and the Ne-
braskan held a long interview in the
former's room just before Williams is-
sued his now famous dictum on March
25, declaring that until the Republi-
cans enact into law what he consid-
ered to be the four most important
recommendations in the President's
message of January 21, he would not
agree to any more unanimous consents,
and would demand the "yes and no's"
on every affirmative proposition which
came before the House.Many declared privately that by tak-
ing things in his own hands and act-
ing without consulting his fellow-
members, Williams was exercising the
privileges of a czar instead of a lead-
er. They criticized both him and Bryan.
But when he delivered the stinging
rebuke to Seneca Payne Friday last
and put the Republicans absolutely on
the defensive, even Dr. Armond, who
fought Williams with his fists only a
few months ago and has never spoken
to him since, applauded him and said
he would stand by him.The message follows:
"Civil government has been main-
tained in the canal zone under my di-
rection, pursuant to the authority con-
ferred by the treaty of 1903, December
11, 1903, and the acts of Congress, con-
cluded November 18, 1903, and the acts of
Congress approved June 22, 1902; April
28, 1904; March 1, 1905; December 19, 1905;
June 20, 1906, and March 4, 1907,
by which the right to maintain civil
government in the canal zone was
granted the United States, the duty
to maintain upon it was imposed upon
the President, and the means for main-
tenance were, from year to year, ex-
pressly and specifically appropriated
by Congress."The friends of Mr. Harrison are said
to fear the effect of an inquiry into the
circumstances under which that finan-
cier's \$400,000 Alton bond issue was
peddled among the savings banks and
other fiduciary institutions of this city
and State.Notwithstanding the coolness be-
tween Harrison and President Roose-
velt, some of the friends of the former,
it is reported, are in Washington seek-
ing to modify the scope of the Federal
revisions of the Wall street to gentle
reminders to the president's counselors
that it was Roosevelt himself who, as
Governor of New York, suggested the
special act authorizing the New York
savings banks to invest the money of
their depositors in Harrison's \$400,000
Alton bond issue.

LYNCHED FOR SHOOTING BOY.

Mob Takes Negro from Officers and Hangs Him.

Fire Several Shots Into Body to Hasten Death.

Had Wantonly Shot Twelve-Year-Old Lad.

(BY THE ASSOCIATED PRESS.—P.M.)

VERNON (Miss.) April 5.—John Burr, a young negro, was lynched near here today by thirty men, for the murder of a twelve-year-old white boy.

Last night, according to Burr's confession and the story of an eyewitness, he was fishing in a mill pond, when Earl Smith, the twelve-year-old son of J. W. Smith, a planter, approached and began a conversation. Burr was an employee of Smith's father, and he said to the boy:

"Look up; look at the bird."

As young Smith gazed skyward, the negro shot him in the back of the head with a shotgun. Burr threw the boy's body into the mill pond and fled, and was captured by officers, and was on his way to jail when, just as Sunday dawned, a party of thirty men took the prisoner away from them. He was quickly hanged from a tree, and several shots were fired to hasten his death.

CAUGHT AT SACRAMENTO.

Former Secretary of Miners' Union at Bishop, Cal., Arrested on Charge of Embezzlement.

(BY DIRECT WIRE TO THE TIMES.)

SACRAMENTO, April 5.—(Exclusive Dispatch.) J. Watson, formerly secretary of the Bishop (Inyo county) Union, No. 182, Western Federation of Miners, who is alleged to have embezzled \$300 of the union's funds last September during a strike, was arrested here today.

Watson, who claims to be a British subject, was preparing to leave the city when he was taken into custody. He acknowledged that he left Bishop without notifying the union, but maintaining that the money he took belonged to him. He admits jumping a bond bill of \$10,000.

When the union was organized by Robert Handie, official organizer and member of the Executive Committee at Denver, Watson was elected secretary, and when the strike was declared, he was placed on a salary of \$5 a day. While he does not dispute the charge with embezzlement, he intimates that there is a shortage in the cash. Handie is the man who knows where the money is.

Charged With Issuing Worthless Checks at San Bernardino—Is Jailed in Default of Bail.

C. G. Foster, a mining broker, who until last week had offices in the Buell building, was arrested last evening by Deputy Sheriff Ward when he was on his way to the City Jail. He was charged with issuing worthless checks. He was unable to secure bail and was taken to the City Jail today.

It is alleged that Foster paid several checks to the Buell building, which he had deposited money in the bank. The man held the checks until after the arrest. The officer found him in his home in Hollywood.

BANK TELLER SKIPS, BIG THEFT CHARGED.

Edwin Cramer. Accused of Helping Himself to Several Thousand Dollars from Safe After Heavy Losses at Races—Leaves Family.

Edwin Cramer,

teller of the Bank of Los Angeles, who has disappeared under a cloud, charged with getting away with nearly four thousand dollars of the bank's funds, and for whom the police throughout the country are conducting a search.

ACCUSED of robbing the Bank of Los Angeles of \$3750, possibly more, which he is said to have scooped up from the safe, Edwin Cramer, 34 years old, for some time a trusted employee of that institution, has dropped from sight. A warrant for his arrest has been issued, charging him with grand larceny. Police officials throughout the country have been advised to arrest and hold the man.

It is believed Cramer went south into Mexico, whence he took a steamer for the north and now is in British Columbia.

The crime of which Cramer is accused was committed on March 23, after banking hours. According to the story told by the officials, he returned to the bank after the work of the day had been completed, opened the safe, of which he had the combination, and carried as much cash as he conveniently could carry with him, then vanished.

It was an opportune time for such a robbery, as there was little likelihood that it would be discovered before the following Monday morning, thus giving the abundant time for getting well over the Mexican line or far on the way toward Canadian territory.

GAMBLING BLAMED. Race-track gambling in place at the bottom of the bank teller's alleged crime. He is known to have visited Santa Anita Park often during the racing season, just closed, especially on Saturday afternoons at the close of his duties behind the counter.

As told by one of the officers of the bank, Cramer took \$1000 of the institution's money and went to the races on the afternoon of the last Saturday of March, where he is said to have wagered and lost the coin on several "wire" times.

Unable to make good this shortage, and certain the loss of the money would be discovered and charged to him, it is supposed he made up his mind to make a big haul and get away.

Some time that afternoon, or possibly in the evening, he visited the bank, to which he always had access, and then, it is alleged, opened the safe and made off with what valuables he could get together.

While the amount of the shortage is given by the bankers as \$3750, it may be even greater. There was information for taking much more.

BORR GOOD REPUTATION. The Bank of Los Angeles, of which J. A. Pirie is president, occupies handsome quarters in the corner of the Alexandria Hotel building, Fifth and Spring streets. Cramer had been employed there as teller for three years and before going to the institution was employed in a like position at the American National Bank. He was unusually efficient and bore an excellent reputation until it was discovered that he was a frequent visitor at the race track.

Cramer lived with his wife, 10-year-old daughter and his mother at Ocean Park. His family is in utter ignorance as to what has become of him, and the disgrace that has come upon him has cast a dark cloud over the little home circle.

When Cramer did not appear for duty last Monday morning an effort was made to locate him. A messenger sent to his home returned with the information that he was not there, and that his family did not know his whereabouts. That evening, when the cash in the safe was checked, the shortage was discovered, and it was immediately charged to the missing teller.

WARRENT IS ISSUED. On the following day a complaint alleging the theft of \$3750 was filed with Justice William Frederickson in the City Justice Court, and a warrant for the arrest of Cramer was placed immediately in the hands of Chief of Police Kern.

City detectives and police officers were put to work on the case, but they were unable to locate the missing man. Circulars were issued, bearing a photograph and a description of the bank teller, and they have been forwarded to the police officials of all the large cities.

Whatever Cramer may have taken, the loss will not fall on the Bank of Los Angeles, as he was bonded by a surety company. This company, and the officials of the bank have joined in the effort to apprehend Cramer, and a private detective agency has been enlisted in the search.

Should the men be located in Canada, territory, Chief Kern states that his extradition will be applied for at once through the Federal government. IDENTIFICATION EASY. Cramer is about 5 feet 7 inches in

POLITICS SERVED HOT IN PULPIT.

WHITTIER PASTOR STRIKES AT "PLAGUE SPOTS."

In Impassioned Address, Supporting Tenets of "Better City" Faction, Denounces Hillside Club and Poolroom—"Municipal" Party Says Days of Blue Laws is Past.

There are just two parties in this town, one is serving under the flag of Christ, the other under the black banner of hell," shouted Rev. M. G. McCallin, pastor of the Church of the Nazarene, at Whittier, in an impassioned political address yesterday.

The preacher is a supporter of the "Better City" party, which stands for the closing of all stores on Sunday and for a complete cessation of all business and amusements on that day. "What would Jesus do if He were here to vote at the coming City election?" was the topic of the sermon.

It is against a little poolroom and cigar stand, where tobacco and ginger beer are dispensed and where the gay and festive spirit of the town, pool, billiards, checkers and dominoes, and against the Hillside Club, an organization composed of the young business and professional men of the city, that the fight is being waged. Incidentally a moving-picture theater is included in the list of "plague spots" which it is hoped to wipe out of existence.

With enthusiasm Rev. Mr. McCallin attacked the place, turning yesterday, demanding that the "dens of iniquity and vice" be done away with.

"What are the two great questions facing the people of Whittier at this time?" he asked. "They are the closing of the poolroom and the keeping of a better Sabbath. That poolroom is a blot that must be erased. From young men take to the race track. The poolroom furnishes no recruits for the army that frequents Arcadia. They tell me that there are preachers in this city who are in favor of leaving that poolroom alone. If such there are, they should be smoked out of town. The speaker passed on to the next point:

"It has been said that the candidate for Marshal on the 'Better City' ticket realized from the Hillside Pool and Poker Club to run for office. Is that true? If it is, he really withdrew from that place—which is worse than the other because the members play behind closed doors—it would be known."

"The 'Better City' party pledges itself, in addition to 'closing up' the town, to work for the installation of a municipal gas and lighting plant. Former Superintendent Glass of the city has been called into consultation.

The "Municipal" party places the blame of its approval upon the work of the present Council has accomplished, and advocates an extension of the water system and the installation of a system of sewers.

The charge that they favor a "wide open" town is indignantly denied by the supporters of the "Municipal" party, which includes many of the prominent business and professional men of the city. They insist that the day of blue laws is past, however.

RATE MATTER ON CARPET.

State Railroad Commission to Investigate Alleged Discriminations

This morning, A. C. Irwin of Sacramento, chairman of the State Railroad Commission, arrived in Los Angeles yesterday, and Atty.-Gen. U. S. Webb and Raymond Benjamin, his assistant, will be here today.

The commission will meet at the Chamber of Commerce at 10 o'clock this morning. It is composed of Irwin, H. D. Loveland of San Francisco and Theodore Summerland of this city.

"We don't know the nature of the evidence to be presented to us regarding possible rate discrimination by the railroads," stated the chairman at the Westminister, last night. "Our body only considers violations of interstate regulations and our field is, of course, much limited under the laws of California. We are not to consider the rates of the Interstate Commerce Commission."

Irwin stated that it always was a great pleasure to come to this city, which he remembered in his early days of railroad as a sleepy pueblo. During 1924, he was secretary of the Western Development Company, and was one of the pioneer railroad men who built the old California Pacific, which it is hoped to wipe out of existence.

PROMISE CHEAP COAL.

Local Men Interested in Washington Mines Say They Will Slash the Prices.

According to the present plans of the California Promotion and Realty Syndicate, which has purchased 600 acres of coal lands in Lewis county, Wash., as mentioned in yesterday's Times, the company will bring coal into Los Angeles, and sell it at less than half the present price. The coal is said to be of extra fine quality and is easily mined. It is the purpose of the promoters to load the coal into vessels on Puget Sound and convey it to San Francisco, San Pedro and San Diego. The principal men interested in the purchase are Dan Van Wagoner and James G. Fitch of this city and George W. Magwood of San Francisco.

He expects to secure information from the San Diego and local officers before his return relative to plans for watching the light-fingered gentry who are on their way to this State.

LYNCHED FOR SHOOTING BOY.**Mob Takes Negro from Officers and Hangs Him.****Fire Several Shots Into Body to Hasten Death.****Had Wantonly Shot Twelve-Year-Old Lad.**

(BY THE ASSOCIATED PRESS—F.M.)

WERNON (Miss.) April 5.—John Burr, a young negro, was lynched near here today by thirty men, for the murder of a twelve-year-old white boy.

Last night, according to Burr's confession and the story of an eyewitness, he was fishing in a mill pond, when Earl Smith, the twelve-year-old son of J. W. Smith, a planter, approached and began a conversation. Burr was an employer of Smith's father, and he said to the boy:

"Look up, look at the bird."

As young Smith gazed skyward, the negro shot him in the back of the head with a shotgun. Burr threw the boy's body into the mill pond and fled, but was captured by officers, and was on his way to jail when, just as Sunday dawned, a party of thirty men took the prisoner away from them. He was cruelly hanged from a tree, and several shots were fired to hasten his death.

"I have no desire to wrestle him again. I concede the championship to him. A return match would not win me my title. He is the only man in the last seven years who has stood up before me over forty minutes. I do not believe Gutch is as strong as I am, but faster and more thoroughly educated in the catch-as-catch-can style. I think the greatest man outside of Gutch and whom I believed to be the greatest man in the world before I met Gutch, is Padonbury of Russia, but I am frank to confess that I believe Gutch can throw him at the American style of wrestling."

"As to Zyoasco, with all his weight, I can see nothing but defeat for him if he meets Gutch at catch-as-catch-can. Gutch is four times as fast and more tricky. The big fellows over there would not know which way Gutch went. All I can say again is that Gutch is a wonderful man, a wonderful man."

NEFF MAKES HIGH SCORE.**Good Shooting by Southern California Rifles at Schutzen Park Yesterday.**

The Southern California Rifles held a good shoot at Schutzen Park yesterday, using only the 200-yard range. E. D. Neff with high score of 45, with W. C. Freeman second, with 44. Neff scored one more bullseye. A. C. Freeman and Lieut. Von Weber tied for third with 43 each.

At rapid fire, five shots, Ade Orill scored is out of 25 in ten seconds.

Freeman was high in the revolver shooting, scoring 45 at fifty yards. A. H. Graff was second with 44.

At Glendale the best scores were made by L. Andrews and John Blick with 46 at 200 yards.

Next Sunday's shoot will also be held at Schutzen.

TURNERS PRACTICE.

FRICK WINS BIG MEDAL.

ANOTHER FAKE FOR O'BRIEN.**(BY DIRECT WIRE TO THE TIMES.)****PHILADELPHIA, April 5.—****(Exclusive Dispatch.)** In the Rittenhouse, the Raquet, the Union League, the Art and other clubs of this city, the one topic of conversation today was the "fight" last night between Jack O'Brien and Anthony J. Drexel Biddle. To call it a fight would be dignifying the ridiculous. It was the most farcical boxing exhibition ever held in a roped arena. The amateurs who don gloves at least try to hit, which is more than O'Brien did.

Had the professional fought as he is wont to he would have laid Biddle cold in the first minute of the first round. The 700 gray-haired merchants, bankers and professional men who witnessed the affair agreed that it was a huge fake.

Club members wonder if perchance three "ringers" have not been rung in on them. A verdant and trustful handicapper handed Art McFarland 15 points handicap and Art, who has been running under wraps, let out a notch and shot an 89, giving him the medal on his 56 score as a total.

Not a ninety score was recorded all day and the unexpected reversal of form by the erstwhile poor shots, put the regulars out of the running.

"Happy Jack" Rogers was on hand with a new Mannlicher 8 mm. rifle and some good scores were made off hand at 200 yards with this splendid weapon. H. Decius and E. C. Crossman scored 22 each on the military target—a five-shot scope—while Mrs. E. C. Crossman made twenty points.

National Guard Shoots.

Lieut. Bert Demmitt of Co. A, N.G.C. rifle team of this city, is arranging two competitive contests between his team and Co. B of San Diego, the first one to be held in San Diego in June.

The correspondence is published in London between John P. Boland, Nationalist member of Parliament for the south Division of Kerry on behalf of Mr. Redmond's party, and President Roosevelt. The State Department at Washington, acceded to Mr. Boland's request to publish the statistics of Ireland's trade with the United States separately.

The scores were as follows: Wm. Frick, 202; Joe Singer, 202; G. Pachmeyer, 158; M. E. Taber, 191; Hy Phrrmann, 158; A. Maas, 158; Ch. Krempel and G. von Weber.

The other medals were won by Hy Phrrmann, A. Maas, Ch. Krempel and G. von Weber.

The scores were as follows: Wm. Frick, 202; Joe Singer, 202; G. Pachmeyer, 158; M. E. Taber, 191; Hy Phrrmann, 158; A. Maas, 158; Ch. Krempel, 158; M. Frise, 154; J. Wiedenbach, 150; F. Jaeger, 148; F. Huebner, 142; A. Freeman, 139; Gus Nabel, 138; Bonifacio Meyers of the park house served a banquet to the marksmen, which was an enjoyable feature of the day.

REVOLVER SHOOT.

MONTHLY MEDAL CONTEST.

A big and enthusiastic bunch of experts and near-experts was on hand at the Sunday shoot of the Revolver Club, but in spite of a perfect day, the scores would have made old Samuel Colt turn in his grave. The Douglas clan pulled out an 85 and 85 for their share of the medal score; Smith, Holcomb, Linder and Cutts shot like a bunch of Japs and the camp Highlanders, McFarland clan took advantage of this temporary fall-down and walked off with the medal. It doesn't make any difference to this happy family which one gets the trophy as they all look alike, live together and take turns wearing the medal anyhow. Their extremely sudden pick-up of the shooting game has made some of the

Interesting Facts About Various Woods

The scarcity and especially hard and highly figured mahogany makes it very costly and some seemingly unreasonable prices have been paid for a single log. On one instance a log 39 feet long was sold at one of the regular mahogany auction sales for \$15,768.

**An Eminent Man
Praises Our New
Method**

Testimony in support of our method of curing catarrh and kindred diseases, without the use of the knife, or of strong irritant sprays, as is commonly done by the old-fashioned method of treatment, continues to pour into the offices of the Los Angeles Medical Inst. There is no stronger or more convincing advertising than that which comes from grateful patients. A letter such as that which we are going to read is worth a great deal to us, and to you if you are suffering from catarrh in any form. Nothing but merit could induce such a man as the Rev. M. M. Eschelman to write such a letter and then allow us to publish it. It is another triumph for our method of treating chronic diseases. Read this letter:

Aug. 1st, 1907.

Dear Sir: For more than thirty years I have suffered more or less with nasal catarrh. In that time I tried many remedies, none of which cured, but but few gave relief. From January last until the time I began treatment with you, which was the latter part of June, I suffered a great deal. Many nights passed in sleeplessness and pains day and night. Indeed, I was in a serious condition, but kept it to myself. Your first treatment scattered the pains, and I very much appreciated what seems a very excellent condition. I have scarcely any pains, day or night, eat heartily, sleep well, and work like a young man, though I am 63 years of age.

I give you this voluntary statement as but a slight token of my great appreciation. I regard you as my benefactor, as I am really a new creature as far as health is concerned. I am a minister in the German Baptist Church, preach the first Sunday in each month at Tropic and put in the remainder of time in religious work and in colonizing in Lomita, five miles northwest from San Pedro.

Very truly yours,

M. M. ESHELMAN.
